

MORGAN POLYMERS LTD

HEALTH & SAFETY DATA SHEET

1. Identification of the Substance and Company.

Trade Name: Multiflex Set Fast Rapide, Multiflex Gauging Liquid, Colourcoat AQ **Product Group 5.**

Company : Morgan Polymers Ltd, Unit 2 Century Park, Pacific Park, Altrincham, Cheshire
WA14 5BJ

Phone No. : 0161 233 0023

Emergency Phone No. : 0161 233 0023

Fax No. : 0161 233 0022

2. Composition/information on ingredients.

Chemical Characterisation :

Ingredients	CAS No.	Hazard Symbols	R-Phrases	Concentration
(meth) Acryl Esters		<u>No Hazard classification.</u>		

3. Hazards Identification.

Available data indicates low health risk, long term experience of this product type indicates no danger to health
When usual industrial precautions are undertaken.

4. First Aid Measures.

Eye Contact : May cause slight irritation and soreness. Wash out with water, and if soreness persists seek
Attention.

Skin Contact : Remove soiled clothing. Wash from skin with warm soapy water.

Ingestion : May cause nausea, give plenty to drink. Seek medical attention.

5. Fire Fighting Measures.

Product is water based and therefore a low fire hazard.

Special Hazards : Dried polymer flammable at high temperatures.

Extinguishing Agents : Any extinguishing media.

6. Accidental Release Measures.

Waste must not be emptied into drains, form paste with dry sand and dispose of giving careful consideration to All local or state laws.

Good general ventilation in the storage area and work place.

8. Exposure Controls / Personal Protection.

Respiratory Protection : Respirator if spraying.

Eye Protection : Goggles.

Hand Protection : Rubber Gloves.

Skin Protection : Overalls (wash after use).

9. Physical and Chemical Properties.

Physical State : Liquid.

Colour : White.

Odour : Faintly sweet.

Safety Relevant Data.

Boiling Temperature : @ 100°C

Flash Point : N/A

Vapour Pressure : As water

Density : 1.04 gm/cm³

Solubility : Fully miscible.

10 Stability and Reactivity.

Materials To Avoid :

Stable under normal conditions.

Hazardous Decomposition Products :

11. Toxicological Information.

General information about Acute or other Toxicity's: Low toxicological problem.

12 Ecological Information

No results from ecotoxicological test are available.

N.B. Do not discharge in a haphazard way.

13. Disposal Considerations.

Packaging :

} See section 6

Product :

14. Transport Information.

Not considered a hazard for transport.

15. Regulatory Information.

Classification according to EEC Directives.

Classification : None

Hazard Labels :

R-Phrases : N/A

S-Phrases : N/A

Hazardous ingredients: This product contains only substances which are in the E.I.N.E.C.S.

16. OTHER INFORMATION

The specifications are based on the current state of our knowledge and experience.

The Health & safety Data Sheet describes the products from a safety requirements aspect.

The information shall not be regarded as legally binding assurance of certain properties or suitability for a particular application.
